## Flip-Flop Cookies

It has happened to all of us — your good friend or relative calls and wants to stop by in 10 minutes! You need a quick and cute snack to nosh on with some iced tea, most likely on the front porch, catching up with that old friend passing through. With a couple items on hand from Dollar Tree, you can seem like the perfect domestic diva with these adorable summer flip-flop cookies!

### Shop at Dollar Tree – Here's What You'll Need:

- Oval Shaped Cookies (We used Peanut Butter Sandwich Cookies, but you can make your own or choose another oval-shaped cookie)
- Vanilla Frosting
- Food Coloring
- Licorice Laces or Other Candy Straw (We used Sour Straws in the example)

### Easy Step-by-Step Directions:

1. Divide frosting into cups and color each one to your desired colors using the food coloring.
2. Spread frosting on cookies.
3. Cut candy into short strips to form the straps for each flip-flop.
4. Kick your feet up and relax, because you're done!

### Fun Tip:

- These cookies would also be great for a summer potluck or outdoor birthday party!
