

# Frugal Fun

## Critter Feet

Light up everyone's creativity and imagination on a cold and rainy day! Just grab a few pairs of old socks and draw critter feet on them with permanent markers. Run around the house for the rest of the day acting out your new personas! Come up with a story about the creature your kids become and what they're like in the wild. What do they eat... grilled cheese maybe? Where do they sleep... maybe make a "nest" for nap time? The fun can last all day!
